Consider a request from Kent MacDiarmid on behalf of the Placer Vineyards Development Group, LLC to provide a recommendation for approval to the Board of Supervisors for amendments to the Placer Vineyards Specific Plan Development Agreements. The Placer Vineyards Specific Plan provides direction for development of 5,230 acres in south western Placer County with a mix of residential, commercial retail, office, mixed-use and public facilities. The Specific Plan and Development Agreements are proposed to be amended to allow for phasing of construction of infrastructure, rather than requiring that Core Backbone Infrastructure be fully in place with the initial development. Under the proposed revisions, the developers of individual projects within the Plan area (Participating Developers) could submit applications for approval of specific "Development Phases" within the Specific Plan, subject to County approval. The amendments do not involve any changes to the approved land uses for the properties covered by the Development Agreements. The Planning Commission will also consider providing a recommendation to the Board of Supervisors for the adoption of an Addendum to a previously certified Environmental Impact Report.
